

**Wishing you a Spring Time filled with
dreams, hope and happiness!**

My thoughts and prayers go out to all of you during this uncertain time in our world. There's nothing "business as usual" about what we're all going through right now. We're trying to make the best of a bad situation and play the best hand with the cards we've been dealt. Please know my heart goes out to everyone who is being impacted—directly and indirectly. During these times, we can all work together to change our world for the better.

A house without a fireplace is a house without a heart. Thank you for allowing us to be the heart of your homes.

Regards,
